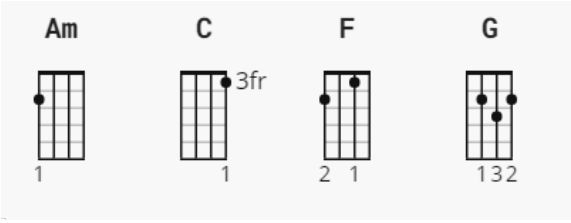
[Verse 1]
```
Am
There is a time for love and laughter,
              C                  Am
The days will pass like summer storms;
           C                  Am
The winter wind will follow after,
              F   G              Am
But there is love and love is warm.
```

[Chorus]
```
Am
There is a time for us to wander,
              C                  Am
When time is young and so are we;
               C             Am
The woods are greener over yonder;
            F  G                 Am
The path is new, the world is free.
```

[Verse 2]
```
Am
There is a time when leaves are fallin',
              C                    Am
The woods are gray, the paths are old;
              C                    Am
The snow will come when geese are callin',
           F   G             Am
You need a fire against the cold.
```

[Chorus]
```
Am
There is a time for us to wander,
              C                  Am
When time is young and so are we;
               C             Am
The woods are greener over yonder;
            F  G                 Am
The path is new, the world is free.
```

Ukulele



[Verse 3]
```
Am
So do your roaming in the springtime,
                        C                    Am
And you'll find your love in the summer sun;
                C                    Am
The frost will come and bring the harvest,
             F    G                  Am
And you can sleep when the day is done.
```

[Chorus]
```
Am
There is a time for us to wander,
              C                  Am
When time is young and so are we;
               C             Am
The woods are greener over yonder;
             F  G                 Am
The path is new, the world is free.
             F  G                 Am
The path is new, the world is free.
```
