

# Tomorrow Is A Long Time

Bob Dylan      Key: A    Capo: 2<sup>nd</sup> Fret  
Listen: [Spotify](#) (may be different key)

**G**                    **C**        **G**  
If today was not an endless highway  
                                 **C**        **G**  
If tonight was not a crooked trail  
                 **C**    **D**                    **G**  
If tomorrow wasn't such a long time  
                 **C**                                    **D**                    **G**  
Then lonesome would mean nothing to you at all

**C**            **D**                    **G**  
Yes, and only if my own true love was waiting  
                         **C**                                    **D**                    **G**  
Yes, and if I could hear her heart a softly pounding  
**C**    **D**                                    **G**  
Only if she was lying by me  
                         **C**            **D**                    **G**  
Then I'd lie in my bed once again.

**G**                                    **C**        **G**  
I can't see my reflection in the water  
   **C**        **G**  
I can't speak the sounds that show no pain  
                         **C**        **D**                    **G**  
I can't hear the echo of my footsteps  
                 **C**                                    **D**                    **G**  
Or can't remember the sound of my own name

**C**            **D**                    **G**  
Yes, and only if my own true love was waiting  
                         **C**                                    **D**                    **G**  
Yes, and if I could hear her heart a softly pounding  
**C**    **D**                                    **G**  
Only if she was lying by me  
                         **C**            **D**                    **G**  
Then I'd lie in my bed once again.

**Continued, next page**

**G** **C** **G**  
There's beauty in the silver, singing river

**C** **G**  
There's beauty in the sunrise in the sky

**C** **D** **G**  
But none of these and nothing else can touch the beauty

**C** **D** **G**  
That I remember in my true love's eyes.

**C** **D** **G**  
Yes, and only if my own true love was waiting

**C** **D** **G**  
Yes, and if I could hear her heart a softly pounding

**C** **D** **G**  
Only if she was lying by me

**C** **D** **G**  
Then I'd lie in my bed once again.
